

## OPENING REMARKS BY THE EDITOR-IN-CHIEF

**Dear colleagues! Friends!**

In 2024, we celebrate the 85th anniversary of the birth of V.A. Musin, a world-renowned scientist, a teacher with a capital letter, who made a significant contribution to the development of legal science and education.

I would like to express my deep gratitude to the students and colleagues of Valery Abramovich Musin for their help and support in preserving and developing the scientific heritage of V.A. Musin. Low bow and eternal gratitude to the management and all colleagues of Gazprom for the opportunity to create and operate the ANO “Scientific Research Center for the Development of Energy Law and Modern Legal Science named after V.A. Musin”, daily assistance and kind memorable attitude, for the opportunity to work on the most relevant topics of legal research for the energy industry.

I am sincerely grateful to the researchers and post-graduate students of the V.A. Musin Center for their work, help and trust.

In 2024, we also celebrate the 10th anniversary of the Legal Energy Forum Journal, of which V.A. Musin has been a member of the Editorial Council since its inception. We are trying to implement his ideas for the development of this publication in Russian and English and are sincerely glad that the Legal Energy Forum Magazine has become a recognized scientific discussion platform for well-known and young scientists and practitioners.

I would like to express my sincere gratitude to the members of the Editorial Council and the Editorial Board, the authors, readers and everyone who supports our Journal.

Dear colleagues! Friends! We invite you to a commemorative conference dedicated to the 85th anniversary of V.A. Musin, which will be held on April 4, 2024 at VDNH as part of the international exhibition-forum “Russia”.
