

Attention of the participants of the scientific and practical conference Energy Transition, Low-Carbon Energy Industry, Energy Security: Legal Support Problems. The View of the State, Science and Business

Dear conference participants!

The scientific and practical conference Energy Transition, Low-Carbon Energy Industry, Energy Security: Legal Support Problems. The View of the State, Science and Business has taken place within the Russian Energy Week 2021 International Forum.

In view of a complicated epidemiological situation, the conference has taken place in the format of publications, however, the participants have still brought up for discussion a lot of relevant issues inter alia challenging aspects of the legal support of energy security including safety of FEC facilities, circulation of carbon units, hydrogen energy industry, FEC digitalization and many others.

Each subject is worth further elaboration, so constructive cooperation between the state, science and business becomes especially important.

The key speakers at the event have singled out the following subjects as priority ones:

A.G. Lisitsyn-Svetlanov, LL.D., Professor, Member of the Russian Academy of Sciences:
The State Policy and Ensuring Energy Security

V.V. Romanova, LL.D., Head of the Department of Energy Law of the Kutafin Moscow State Law University (MSAL), Academic Supervisor of the Autonomous Non-Commercial Organization V.A. Musin Research Center for the Development of Energy Law and Modern Legal Science, Chairperson of the Commission of the Association of Lawyers of Russia on Energy Law and the Development of Laws in the Fuel and Energy Complex Sector: On Priority Areas of Legal Research on Energy Law Taking into Account the Modern Low-Carbon Agenda

L.I. Shevchenko, LL.D., Professor, Honored Lawyer of the Russian Federation, Professor of the Department of Legal Regulation of the Fuel and Energy Complex of the International Institute of Energy Policy and Diplomacy of the MGIMO University, Member of the Commission of the Association of Lawyers of Russia on Energy Law and the Development of Laws in the Fuel and Energy Complex Sector: Contractual Regulation of Hydrocarbon Field Development Relations at the Domestic and International Levels with the Use of Unitization Agreements

R.N. Salieva, LL.D., Professor, Head of the Laboratory of Legal Problems of Subsoil Use, Ecology and Fuel and Energy Complex of the Institute of Environmental Problems and Subsoil Use of the Academy of Sciences of the Republic of Tatarstan, Member of the Commission of the Association of Lawyers of Russia on Energy Law and the Development of Laws in the Fuel

and Energy Complex Sector: Legislative Support of the State Regulation of Carbon Emission and Absorption in the Russian Federation and the EAEU Member States

V.V. Prokhorenko, PhD (Law), Deputy Director for Legal Affairs, Head of the Legal Support Department of System Operator of the Unified Energy System, JSC, Senior Lecturer of the Department of Civil Law of the Kutafin Moscow State Law University (MSAL): On the Contractual Freedom in the Determination of Conditions for Ensuring Reliability of Electrical Energy Supply to Consumers' Power Receivers

V.V. Shabunya, PhD (Law), Associate Professor of the Department of Information, Energy Law and Criminal and Legal Disciplines of the Gubkin University: Digital Technologies as a Driver for the Innovative Development of FEC. Legal Regulation Problems and Prospects

E.M. Kologermanskaya, PhD (Law), Legal Counsel at PromKhim, LLC: The Legal Regime of Generating Facilities Functioning Based on the Offshore Wind Energy Industry (Experience of Foreign States)

N.V. Koropets, Postgraduate Student of the Department of Energy Law of the Kutafin Moscow State Law University (MSAL), Leading Specialist of the Regulatory Legal Directorate at Unipro, PJSC: Legal Support of the Operation of Alternative Generation on the Wholesale Electricity and Power Market

A.R. Maysky, Postgraduate Student of the Department of Energy Law of the Kutafin Moscow State Law University (MSAL): Peculiarities of the Legal Regulation of the Oil and Gas Market of Great Britain

A.A. Salyakhova, Research Scientist of the Center for Natural Science Research of the Institute of Applied Research of the Academy of Sciences of the Republic of Tatarstan: The Role and Importance of Carbon Border Tax

S.Yu. Bobrov, Chief Specialist for General Legal Support of the Legal Directorate of Mosenergo, PJSC: Peculiarities of Regulation of the Legal Regime of Protective Zones of Electrical Energy Production Facilities

K.Yu. Moskvin, Chief Legal Counsel of the Legal Support Department of System Operator of the Unified Energy System, JSC: Legal Fundamentals of the Functioning of Electrical Energy Accumulation Systems

Reports of the conference participants will be published in the earliest issues of the Energy Law Forum journal.

I would like to thank co-organizers of the competition, Autonomous Non-Commercial Organization V.A. Musin Research Center for the Development of Energy Law and Modern Legal Science, Department of Energy Law of the Kutafin Moscow State Law University (MSAL), Association of Lawyers of Russia for the preparation and holding of the event!

State Secretary,

Deputy Minister of Energy of the Russian Federation

A.B. Bondarenko
